

Ontario Municipal Airport Ontario, OR 97914

Do not enter the main airport address in your GPS, as this will take you to the wrong part of the airport. Use the directions below for event access.

Driving In?

General Parking

From Highway 201, turn west on SW 4th Avenue. Proceed approximately $\frac{3}{4}$ of a mile and then use the event gate, which will be on your left. The nearest address to put in your GPS would be **3605 SW 4th Street, Ontario, OR**. However, watch for National STOL PARKING signs as you approach, as this is not an exact address of the entrance!

Camping Entrance

RV/drive in tent camping will be on the fresh grass of the Ontario Speedway property, adjacent to the airport. From Highway 201, turn west on SW 18th Avenue (Butler Blvd) and then right on Golf Course Road. For GPS, use the address **1345 Golf Course Rd, Ontario, OR**. Watch for National STOL CAMPING signs! Note that this area cannot be accessed from the main parking area, in which there is limited space to turn around. Please be sure to use the camping address above!

Flying In?

(ONO UNICOM 122.8)

The airport will remain open throughout the weekend, and transient aircraft parking is available. Be sure to monitor UNICOM and stay aware. Note that our staff will be setting up the competition (grass) runway throughout the day on Thursday and early Friday. If the red flag is up on the trailer and/or yellow X's on the runway, land on the asphalt instead.

If you arrive during the practice on Friday or the competition on Saturday, our airbosses will advise you of any competition traffic and may ask you to hold for a break between heats. We highly recommend you plan your arrival and departure outside of the event windows.

Advise upon landing if you are a competitor, camper, or transient spectator so that you will be parked in the appropriate area.
